The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**DEPARTMENT OF PUBLIC WORKS:
AWARD OF A PUBLIC WORKS CONSTRUCTION CONTRACT
GAGE AVENUE NEIGHBORHOOD PARK, CAPITAL PROJECT NUMBER 77432
UNINCORPORATED COMMUNITY OF FLORENCE-FIRESTONE
(FIRST DISTRICT) (3 VOTES)**

SUBJECT

Award of a Public Works construction contract to the Lowest Responsive and Responsible Bidder for Gage Avenue Neighborhood Park and authorization for the Director of Public Works or her designee to execute the contract will allow for the completion of project in the unincorporated community of Florence-Firestone.

IT IS RECOMMENDED THAT YOUR BOARD:

Award and authorize the Director of Public Works or her designee to prepare the construction contract in the form previously approved by County Counsel, execute the contract, and establish the effective date following receipt of approved Faithful Performance and Labor and Material bonds and insurance filed by the contractor for Project ID No. RDC0014807 - Gage Avenue Neighborhood Park, to install landscaping, lighted pedestrian paths, storm water treatment features, and playground equipment, in the unincorporated community of Florence-Firestone, to T K Engineering Co., in the amount of \$529,166.

"To Enrich Lives Through Effective And Caring Service"

**Please Conserve Paper – This Document and Copies are Two-Sided
Intra-County Correspondence Sent Electronically Only**

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Your Board's approval of the recommended actions will authorize the award of a construction contract to T K Engineering Co., the apparent Lowest Responsive and Responsible Bidder (see Facts and Provisions/Legal Requirements and Contracting sections for public contracting details and definitions) for the Gage Avenue Neighborhood Park project; and authorize the Director of Public Works or her designee to execute the contract and establish the effective contract date following receipt of approved bonds and insurance filed by the contractor for this project.

The project consists of the design and construction of a 27,480 square foot park with benches, trash receptacles, a meandering sidewalk, solar pedestrian lighting system, landscaping, and a smart irrigation system. The design will include water quality and water conservation features, as well as American with Disability Act (ADA) compliant features to provide accessibility to individuals with disabilities.

The enclosure includes the call for bids and bid opening date, a tabulation of bids, and financial information. The certified record of receipt of bids and the original bid proposal are also enclosed.

Your Board's approval of the recommended contract award and the subsequent execution of the contract will ensure the timely completion of the project.

Green Building/Sustainable Design

The project will support the County's Green Building/Sustainable Design Policy by incorporating water quality and water conservation features including drought tolerant plants and bioswales to retain and naturally filter stormwater runoff. A weather-based smart irrigation controller and solar lighting will be installed to reduce demand on conventional water and power resources. In addition, a play area and par course stations will be surfaced with recycled rubber tiles.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provisions of Operational Effectiveness (Goal 1) and Community and Municipal Services (Goal 3). Awarding this contract will provide a neighborhood park to better serve the public and will enhance the quality of life in the affected communities.

FISCAL IMPACT/FINANCING

The recommended contract amount of \$529,166 is below the engineer's estimate and sufficient funds are available in the project's construction budget. Attachment B includes the amount of the recommended contract as compared with the engineer's estimate, the other bids received; and more detailed fiscal and financial information.

The total project cost estimate of \$1,846,000 includes \$1,311,000 for the construction contract and change orders, \$250,000 for Plans and Specifications, and \$285,000 for County Services, which includes Project Management and Administration.

Funding for the project consists of \$1,500,000 grant from the State Proposition 40 Roberti-Z'Berg-Harris Program, and \$346,000 of First District one-time net County cost allocated for enhanced unincorporated area services. Sufficient funds are available in the Fiscal Year 2009-10 Capital Projects/Refurbishments Budget, under C.P. No. 77432. The Project Schedule and Budget Summary are included in Attachment A.

Operating Budget Impact

Following completion of the project, scheduled for the Fall of 2010, the Department of Parks and Recreation (Department) will maintain the newly developed park, and anticipates one-time start-up and ongoing operating costs for utilities and maintenance. The Department will work with the Chief Executive Office to determine the appropriate level of funding when the project nears completion. Request of funds for one-time and ongoing costs will be submitted in the Department's Fiscal Year 2010-2011 Proposed Budget request.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The contract agreement will be in the form previously reviewed and approved as to form by County Counsel. The recommended contract was solicited on an open competitive basis and is in accordance with applicable Federal, State, and County requirements. The contractor is in compliance with the Chief Executive Officer's and your Board's requirements.

This contract contains terms and conditions supporting your Board's ordinances, policies, and programs, including but not limited to: County of Los Angeles' (County) Greater Avenues for Independence and General Relief Opportunities for Work Programs (GAIN and GROW), Board Policy No. 5.050; Contract Language to Assist in Placement of Displaced County Workers, Board Policy No. 5.110; Reporting of Improper Solicitations, Board Policy No. 5.060; Notice to Contract Employees of

Newborn Abandonment Law (Safely Surrendered Baby Law), Board Policy No. 5.135; Contractor Employee Jury Service Program, Los Angeles County Code, Chapter 2.203; Notice to Employees Regarding the Federal Earned Income Credit (Federal Income Tax Law, Internal Revenue Service Notice 1015); Contractor Responsibility and Debarment, Los Angeles County Code, Chapter 2.202; the Los Angeles County's Child Support Compliance Program, Los Angeles County Code, Chapter 2.200; and the standard Board-directed clauses that provide for contract termination or renegotiation.

The State Public Contract Code requires the County to award construction contracts to a responsible contractor with the lowest responsive bid, which is defined as the firm that: (1) submits the bid with the lowest cost; (2) is deemed by the County to be responsive to specific criteria under the solicitation including, but not limited to, licensure, bonding, and insurance requirements; and (3) is determined by the County to be a responsible bidder by exhibiting the capability, capacity, experience, trustworthiness, and financial wherewithal to perform the work required under the bid solicitation.

To ensure the contract is awarded to a responsible contractor with the lowest responsive bid and a satisfactory history of performance, bidders are required to report violations of the False Claims Act, criminal convictions, civil litigation, defaulted contracts with the County, complaints filed with the Contractor's State License Board, labor law/payroll violations, and debarment actions. As provided for in Board Policy No. 5.140, the information reported by the contractor was considered before making this recommendation to award.

The plans and specifications include the contractual provisions, methods, and material requirements necessary for this project and are on file with Public Works.

ENVIRONMENTAL DOCUMENTATION

On May 19, 2009, this project was found to be categorically exempt from the provisions of the California Environmental Quality Act. The specifics of this finding are included in the enclosure.

CONTRACTING PROCESS

The contract was solicited on an open competitive basis in accordance with the provisions of the Public Contract Code.

The State Labor Code requires contractors to pay prevailing wage rates to all persons employed on public works construction contracts. These rates are determined by the

Department of Industrial Relations and include contributions for fringe benefits such as vacations, pension funds, training, and health plans for each employee.

To further increase contractor awareness of contracting opportunities with Public Works, this project was listed on the County website for upcoming bids.

Public Works will review and approve the faithful performance and payment bonds filed by the contractor.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

This construction contract will result in improved public infrastructure in the community where the work is scheduled.

CONCLUSION

Please return one adopted copy of this letter to the Chief Executive Office, Capital Projects and Public Works, Construction Division.

Respectfully submitted,

WILLIAM T FUJOKA
Chief Executive Officer

*MWBE

FINANCIAL INFORMATION:

Amount of estimate	\$631,140.00
Amount of recommended contract	\$529,166.00
Amount of recommended contract below estimate	\$101,974.00

The amount of the recommended contract is 16 percent below the estimate.

The project cost is financed with the State Proposition 40 Roberti-Z'Berg-Harris Program and First Supervisorial District funds allocated for enhanced unincorporated area services. Sufficient funds for this project are included in the Fiscal Year 2009-10 Capital Projects Refurbishments Budget.

MINORITY/WOMEN-OWNED BUSINESS ENTERPRISES DATA:

T K Engineering Co. has no MWBE subcontractors/suppliers under this contract.

ENVIRONMENTAL IMPACT:

On April 15, 2008, Agenda Item 46, your Board found this project categorically exempt.

CONSTRUCTION SCHEDULE:

This project is to be completed in 60 working days followed by 90 days of maintenance before the park is opened to the public. It is estimated the work will start in October 2009 and be completed in May 2010.
